Teaching and Lecturing

He has taught courses and seminars on surveying subjects for the following:

- The American Congress on Surveying and Mapping
- The Mid-Atlantic Surveyors Educational Institute
- The National Business Institute
- The Kansas Society of Land Surveyors
- The Maine Society of Land Surveyors
- The Massachusetts Association of Land Surveyors and Civil Engineers
- The Michigan Society of Land Surveyors
- The Nevada Association of Land Surveyors
- The New York State Association of Professional Land Surveyors
- The Maryland Society of Surveyors
- The Maryland Department of General Services
- The Maryland State Archives
- The Maryland State Highway Administration
- The Maryland Attorney General's Office Real Estate Work Group
- The Maryland Land Title Association
- The Maryland Genealogical Society
- The Greater Baltimore Board of Realtors
- Essex Community College
- Harford Community College

General Experience

Mr. Leininger has supervised hundreds of surveying projects for zoning, construction, subdivision and topographic purposes in addition to performing hundreds of boundary surveys in the Baltimore Metropolitan Area. Overall, he has been directly involved with over 1,800 surveys of which approximately 1,100 were conducted under his Professional License.

A past-president of the state professional organization—the Maryland Society of Surveyors, Mr. Leininger was its 1995 “Surveyor of the Year,” and was nominated by it in 1998 for the “National Surveying Excellence Award” presented by the National Society of Professional Surveyors. He has appeared on behalf of various clients as an expert witness in courts of law and has testified on surveying subjects before various committees of the Maryland State Legislature in Annapolis.
